

2022 NEW SINK
PRODUCT SUPPLEMENT

THE ART OF WATER

HamatUSA is a division of Hamat Group, Israel's largest plumbing fixture manufacturer. Hamat Group specializes in the manufacturing of a wide selection of designer products for the kitchen which include faucets and kitchen sinks made from stainless steel, fireclay, granite composite, and porcelain enameled steel, as well as a wide selection of sink accessories.

For roughly 75 years Hamat Group has been a top private label faucet and fireclay producer for many leading manufacturers across the globe. Hamat Group products are now available in the HamatUSA collection. Hamat Group currently has multiple state-of-the-art manufacturing plants in Israel and Turkey that incorporate all facets of the Faucet and Fireclay production. Hamat Group maintains all US standards and is constantly investing in new technologies and innovative designs remaining at the forefront of form and function.

Type 304 Premium Stainless Steel

HamatUSA sinkware is made from durable Type 304 stainless steel, an optimal mix of nickel and chromium, making our sinkware exceptionally resistant to corrosion and stains for the life of the product. It provides a hygienic, scratch-resistant and resilient surface that requires minimal care and maintenance.

SpexEdge

A beveled edge on the outer rim of select undermount sinks provides increased structural rigidity for the entire sink span and creates a smooth and finished look. SpexEdge is found only on HamatUSA sinks.

StoneShield Undercoat Protection

A marble powder based undercoating specially formulated and applied over pads. It reduces the noise of clattering dishes and running water. It also prevents condensation and thermally insulates your sink keeping hot soaking water hot for a longer period.

Sound Deadening Pads

Made of natural rubber, Sound Deadening Pads help reduce the noise of clattering dishes and running water. It is a common feature to all HamatUSA sinks.

TotalGuard+

An exclusive feature to our Rendezvous, Contrive, Hudson, Axiom and Prizm Collections. This complete wrapping of rubber pad insulation ensures thermal insulation, prevents condensation, and optimal noise reduction making them some of the quietest sinks available today.

Cuverro Shield™

White Copper - a new solid antimicrobial finish. This new PVD finish continuously kills 99.9% harmful bacteria such as MRSA Staphylococcus, E Coli, and VRE within 2 hours.

Limited Lifetime Warranty

Almost all HamatUSA sinks are covered by an industry-leading Limited Lifetime Warranty to the original purchaser against any possible defects in materials and workmanship. Two groups – our Cerasteel and Enterprise Collections – are covered with a 10-year limited warranty. We are not satisfied unless our customers are completely satisfied with our products.

Sink Selection Guide

How to select the ideal sink for your needs.

Your Kitchen Style

Start by asking yourself whether your kitchen is traditional, transitional, rustic, or contemporary. Then determine the shape, size and features that will best suit your style of living and everyday needs. HamatUSA sink designs vary with each product family, so you're sure to find one that's just right for your kitchen, lavatory or prep area.

Material

HamatUSA sinks are available in Stainless Steel, Porcelain Enameled CeraSteel, Chelsea Fireclay, and SiOStone Granite Composite. Each material has its own performance features and distinct look.

Check Your Measurements

Choose the right sink to fit your cabinet. Sink measurements and minimum cabinet sizing are shown with each sink in this catalog.

Installation Styles

Undermount sinks are best for stone or solid surface countertops. They are mounted from the underside of the counter, leaving a zero-barrier counter surface to sweep scraps and crumbs into the sink. Topmount sinks are best if your countertop is a laminate with a pressedwood core or with solid surface countertops. With topmounts, the sink's bowl drops into a hole in the countertop and rests on the perimeter.

Number of Bowls

How will you be using your sink? A serious home-chef may want several deep bowls to accommodate stockpots and roasting pans. If you'll be using your sink primarily for rinsing dishes, a single bowl of moderate depth will suffice. When in doubt, a large and deep single bowl is the best choice.

Depth of Bowls

Deeper bowls in the 9" range will accommodate large pots and allow you to thaw larger food items. Deeper bowls also mean less splashing. Shallow bowls down to 5" are ideal for food preparation and will also accommodate a garbage disposer.

Prep Sink

A well-placed prep sink in a busy kitchen can noticeably improve flow and efficiency and can also double as a bar-sink in other areas of the house. Prep sinks of various depths and shapes can be found built-in on many HamatUSA models or purchased separately for other locations like a countertop island.

LIMITED LIFETIME WARRANTY

HamatUSA warrants all the mechanical parts to be free from manufacturing defects in material and workmanship for a "Lifetime". "Lifetime" is defined as the period which the original consumer owns the home in which the HamatUSA "product(s)" are installed. If any product proves to be defective during the warranty period to the original owner, HamatUSA will provide, at its option, free of charge replacement parts or will replace the product. This warranty does not cover parts or finishes that have been improperly installed, damaged, subjected to misuse, abuse or used in a location other than a residential indoor kitchen. Faucet(s) subjected to abrasive cleaning, such as scratching or scuffing, or corrosive agents, including, but not limited to, bleach, ammonia or alcohol are not covered by this warranty.

LIMITED LIFETIME WARRANTY on the fixed components of all stainless-steel sinks including the Nero Collection means that they are ensured against defects of material and workmanship. This warranty is limited to defects or damages resulting from a normal residential use and does not cover the following: surface corrosion (chemical or natural), scuffs or scratches, misuse, abnormal or abusive use, dents, deformations caused by impact, common wear and tear, improper installation, care and/or maintenance, commercial use, environmental factors causing damage, improper application such as exposure to corrosive chemicals and photographic solutions, shipping or freight damage.

The warranty does not cover shipping costs, labor costs or any other costs associated with the installation or replacement of the sink, faucet or part(s) and are extended only to the original consumer, who purchased the product. HamatUSA, at its discretion, may repair or replace the product or product component part(s) necessary to restore the product to good working condition. HamatUSA reserves the right to inspect the installation prior to actual replacement of the product or component part(s). The warranty applies only to the original owner, providing the product has been installed in accordance with the installation instructions, used as recommended and installed in a residential indoor application. HamatUSA is not responsible or liable for indirect, special or consequential damages arising out of or in connection with the use or performance of the product and its liability under this warranty is limited to replacement of the defective material. The manufacturer makes no additional warranties, expressed or implied, and any implied warranty including that of merchantability or fitness for a particular purpose, is limited in its duration to the duration of the written limited warranties set forth herein. Some states or provinces do not allow the exclusion or limitation of incidental or consequential damages or limitation on the duration of an implied warranty, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights and may also offer other rights, which may vary from state to state, or province to province.

All HamatUSA Accessories: 1 year warranty
COMMERCIAL LIMITED WARRANTY
HamatUSA WARRANTS ITS PRODUCTS INSTALLED IN A COMMERCIAL APPLICATION TO BE FREE OF MANUFACTURERS DEFECTS FOR A PERIOD OF 1 (ONE) YEAR. DURING THIS ONE YEAR PERIOD THE WARRANTY WILL BE TREATED AS WRITTEN IN THE RESIDENTIAL GUIDELINES ABOVE, FOR A PERIOD OF ONE YEAR.
